GRAND EVENT
Thailand 7 MICE Magnificent Themes 2020 is the third phase of the project in which Thailand Convention and Exhibition Bureau (Public Organization) or TCEB has realized that there is a demand for new MICE products among business operators and MICE travellers whose behaviors have shifted. Thus, TCEB has continued this project to seek and develop new MICE products in 7 categories with the highest demands to cater to the MICE market in Thailand and abroad.

In the 2020 fiscal year, TCEB sought new MICE products and venues in MICE cities and other cities with potential, totaling 11 cities: Bangkok, Phra Nakhon Si Ayutthaya, Chiang Mai, Phitsanulok, Sukhothai, Khon Kaen, Nakhon Ratchasima, Pattaya, Chanthaburi, Phuket, and Surat Thani. We truly believe this project will contribute to strengthening the MICE ecosystem while providing new ideas for event organizers who are looking for creative activities along the MICE route to offer a learning experience and a memorable journey for MICE travellers. Moreover, the project is expected to help drive growth for the local economy as well as reinforce that Thailand is a MICE destination with readiness equal to other MICE cities around the world.

These activities and venues from the 7 themes of Thailand 7 MICE Magnificent Themes 2020 will inspire event organizers to mix and match fun and joyful ideas for MICE travellers.

Welcome to a world of creative ideas along the MICE route. Are you ready to join us in developing the MICE industry?
Ideas for Creative MICE Activities

Thailand caters to all ranges of MICE preferences so we offer colorful activities under the 7 MICE Magnificent Themes.

01
Fascinating History and Culture
When the words ‘history’ and ‘culture’ comes together, it means visiting historical attractions which offer sentimental value for the later generations. This theme will help promoting cultural activities for MICE travelers to learn about the local culture so that they understand our way of life, economy, society, values and traditions.

02
Exhilarating Adventures
Adventure travel is a type of tourism with extraordinary surroundings and having two out of these three factors: offering vigorous activities, offering natural surroundings, or offering a chance to immerse in the culture with locals.

03
Treasured Team Building
The meaning of Team Building is to create harmony in a group through creative activities with the objectives for improving internal relationship, practicing problem solving skills and enhancing the ability of the group to work better together.
04

CSR and Green Meetings
CSR and Green meetings often go hand in hand, as corporate social responsibility means businesses must operate with social accountability. Meanwhile, green meetings are MICE activities that have the least effect on the environment and create long lasting positive impact on local communities.

05

Beach Bliss
Beach activities are typically held on the beach, in the sea, or on islands. As Thailand is well-known for stunning white sand beach and crystal clear sea water, beach activities can offer your group one-of-a-kind of sea sand sun MICE experiences.

06

Lavish Luxury
In this case, luxury means more than mere monetary value, as this type of event is aimed at creating exclusive experiences, often customized for the group, and offering a special opportunity for attendees to enjoy the unique experience which money cannot buy.

07

Culinary Journeys
Thai cuisine is one of the world’s favorite and represents an important aspect of Thai culture. Culinary journey offer experiences related to gastronomy activities. This theme presents Thai food as the main focus which can offer a wonderful culinary experiences for MICE travelers.

Chiang Mai
Princess Sirindhorn AstroPark

This new landmark which is located near the city of Chiang Mai is Princess Sirindhorn AstroPark which features an astronomy research and services center as well as interactive astronomy exhibitions to educate and entertain visitors. The park’s highlight is the full-dome 17-meter diameter digital planetarium where visitors can enjoy viewing virtual stars. The planetarium also offers a unique venue for meetings in this modern dome structure.

**MICE Activities**
- Learn about the relationship between the Thai way of life and the stars
- Discover the universe through the full-dome digital planetarium
- Learn about astronomy in the 19 learning zones
- View the stars through a telescope
- Tour the advanced mechatronics astronomy laboratory

**MICE Checklists**
- Fits 160 pax
- Suitable for M and I
- Meetings can be held at the planetarium

**Nearby Attractions**

The Chang Chiang Mai

All elephants here at this huge sanctuary for retired elephants from Mae Sa Elephant Camp can roam free without chains while living with their mahouts. The Chang welcomes MICE travellers to learn about the life of elephants from the way they eat, play, and even how they die. Activities include elephant-led walking tours, watching elephants play in the mud, making herbal balls and snacks, and cutting grass to feed elderly elephants. The Chang also explores beliefs surrounding elephants and allows visitors to enter the elephant cemetery and learn about the body of elephants through enormous skeletons which can help raise awareness about the conservation of Thai elephant.

**MICE Activities**
- Learn about the elephant’s body and the connection between elephants and mahouts
- Make sesame and sticky rice balls as well as herbal balls to nourish elderly elephants
- Cut grass to feed elderly elephants
- Watch elephants splash in the water and in the mud

Ban Tao Hai Ceramic Community Enterprise

Ban Tao Hai is an ancient community situated on the Nan River which was once a key area for ceramic-making in Phitsanulok as over 100 ancient kilns were found along with pottery that dated back 600 years. Today, the art of ancient pottery is revived as locals established the Ban Tao Hai Ceramic Community Enterprise. Visitors can join in pottery workshops and learn how to create the “U” pattern which is the symbol of Ban Tao Hai from elders in the community who wanted to pass on this craft to the younger generation.

**MICE Activities**
- Learn about the history of Ban Tao Hai
- See the 600-year-old kiln
- Learn about the pottery-making process
- Learn how to sculpt and design pottery

**MICE Checklists**

Rain Forest Resort

This lush green resort on the Khek River helps raise awareness among visitors on the issue of waste and waste management for the environment by organizing kayaking activities to gather waste in areas surrounding the resort and Kaeng Song Waterfall, where the water current would bring a large amount of trash from upstream. After waste collection, the resort would sort waste and send them to the waste bank to be recycled. Moreover, the resort grows vegetables in an organic garden to promote self-sufficiency and food security in the community.

**MICE Activities**
- Kayak in the Khek River to collect waste
- Learn about organic farming methods from making fertilizers to waste management
- Enjoy rafting in the Khek River (June to October)
- Organize a meeting in the restaurant in the midst of nature

**MICE Checklists**

Sainoi Homestay

While the ancient city of Ayutthaya may not feature oceans or mountains, the province offers cultural diversity such as the Sainoi Community which is a Mon community founded since the reign of King Naresuan. Villagers still make a living by growing rice and other crops while organizing tourism activities such as teaching visitors to make bricks, embroider Mon-style sashes, and make old-fashioned crispy noodles as well as other Thai desserts passed on since the Ayutthaya era. Visitors can experience the local way of life which also gives locals a sense of pride in their community.

**MICE Activities**
- Learn how to make old-fashioned bricks
- Learn about Mon garments and learn how to embroider Mon-style sashes
- Learn about the art of Thai boxing passed on since the Ayutthaya era
- Make Ayutthaya-era Thai desserts from egg yolks such as thong yip, thong yod, and foi thong
- Make old-fashioned crispy noodles
- Join cultural activities to learn about the way of life in the Mon community

**MICE Checklists**
- Fits 200 pax
- Suitable for M and I
- Meetings can be held at the Tourist Welcome Center

Khlong Rang Jorakae Homestay

Khlong Rang Jorakae Homestay Community Enterprise was founded when 5 families in the area joined together to bring tourism to the area as a way to develop the community. With the introduction of the boat tour route, the families were able to persuade locals in the area to care for Khlong Rang Jorakae or Rang Jorakae Canal which had been neglected and overgrown with water hyacinth. Today, visitors can participate in creative activities such as gathering water hyacinth to make fertilizers for use in the community.

MICE Activities
- Join a boat tour in Khlong Rang Jorakae to gather water hyacinth to make organic fertilizers
- Join a boat tour to learn about the history of the community, experience their way of life, and make merit at temples along the canal

MICE Checklists
- Fits 30 pax
- Suitable for M and I
- Meetings can be held at the pier

Chaweng Regent Beach Resort
Silavadee Pool Spa Resort

Silavadee Pool Spa Resort is located on a cliff with a private beach. All its rooms are equipped with an infinity pool, while its design uses exclusively teak wood while the roof is made from cedar and bamboo to add a touch of luxury and to blend in with its natural surroundings. Activities on offer include sea turtle conservation, supporting local products, and exploring the organic vegetable garden.

Sample Itinerary

Surat Thani

Back to Life and Nature (3 Days 2 Nights)

**Day 1**
- Depart from Bangkok to Surat Thani by airplane.
- Depart for Koh Phaluai, discover the abundant nature and learn how the island became Thailand’s prototype clean-energy island (CSR & Green Meetings).
- Enjoy fresh seafood for lunch.
- Join a fun activity to search for clams (Team Building). Then, freshen up and change at a homestay on Koh Phaluai.
- Depart for Koh Samui. Check in at Silavadee Pool Spa Resort and join a cocktail reception.

**Day 2**
- Join a morning yoga session. Freshen up and enjoy breakfast.
- Rest at the hotel and relax at the spa.
- Enjoy lunch at a restaurant on Koh Samui.
- Depart for Coconut Museum to learn how coconut oil is made and cook food from coconut (Culinary Journeys). Depart for Koh Mat Sum - an island near Koh Samui - to immerse in the natural surroundings.
- Return to the hotel and join a themed dinner at Sun Deck (Lavish Luxury) where the winning team from the team building activity is announced.

**Day 3**
- Breakfast
- Relax amidst the beach atmosphere of Silavadee Pool Spa Resort before departing on a speedboat back to Surat Thani.
- Enjoy lunch at a restaurant in Surat Thani.
- Depart for Tai Dam Wisdom Learning Center and join a cultural workshop with Tai Dam people (History & Culture).
- Depart for Bangkok.
